## Vision

It is our vision to attain global standing in technical, technological education and contribute to the enhancement and empowerment of the society, country and in turn of the whole mankind. Our main objective is to focus upon the rural youth, their training and their career development in information technology and its related field. We want to create social awareness among the students in particular and in the society in general. We want to develop scientific attitude in the students and make them judge everything on the basis of scientific knowledge, social justice, humanitarian attitude and cultural values.

## Mission

Our dedicated mission is to impart value and time- based technical, Information and technology based view. We want to inculcate and cherish moral values and good interpersonal human relationship among the people in India and humanity at large.

## Aim

1. To provide quality education and practical based training to all the students in every field related to information technology and education in general.
2. To achieve academic excellence through our own channelized pattern of teaching-learning processes.
3. To promote research activities among the students and teachers.
4. To enhance industry-institute interaction to provide practical industrial exposure to the students and upgrade the knowledge of the faculty in respect to advanced trends in technical fields.
5. To bring about all round development of the students through various Personality Development Programmers.
6. To develop the awareness of social responsibilities national Integration, Cultural values, humanitarian attitude among the students so as to make them ideal citizens of India.

## Minutes of Meeting

Today at 3.00 pm, meeting was held regarding organizing a yoga course. For that meeting following committee members are present.

1. Mr. Pawar G.R.
2. Mr. Nanaware Y.K.
3. Mr. Nale V.D.
4. Mrs. Ghule S.S.
5. Mr. Jadhav A.C.
6. Miss. Khankal S.S.

*[Handwritten signatures of the committee members]*

The following points are discussed and finalized in the meeting.

- 1) Reviewed last year's Yoga course performance.
- 2) Discussed about designing Syllabus, Schedule and timetable of Yoga course.
- 3) Yoga course has been scheduled for 30 days from 1<sup>st</sup> March 2022 to 25<sup>th</sup> may 2022 and work has been distributed accordingly.

# TechSaksham

Enabling and empowering women learners  
for technology careers

---

## Huge gender gap in technology workforce

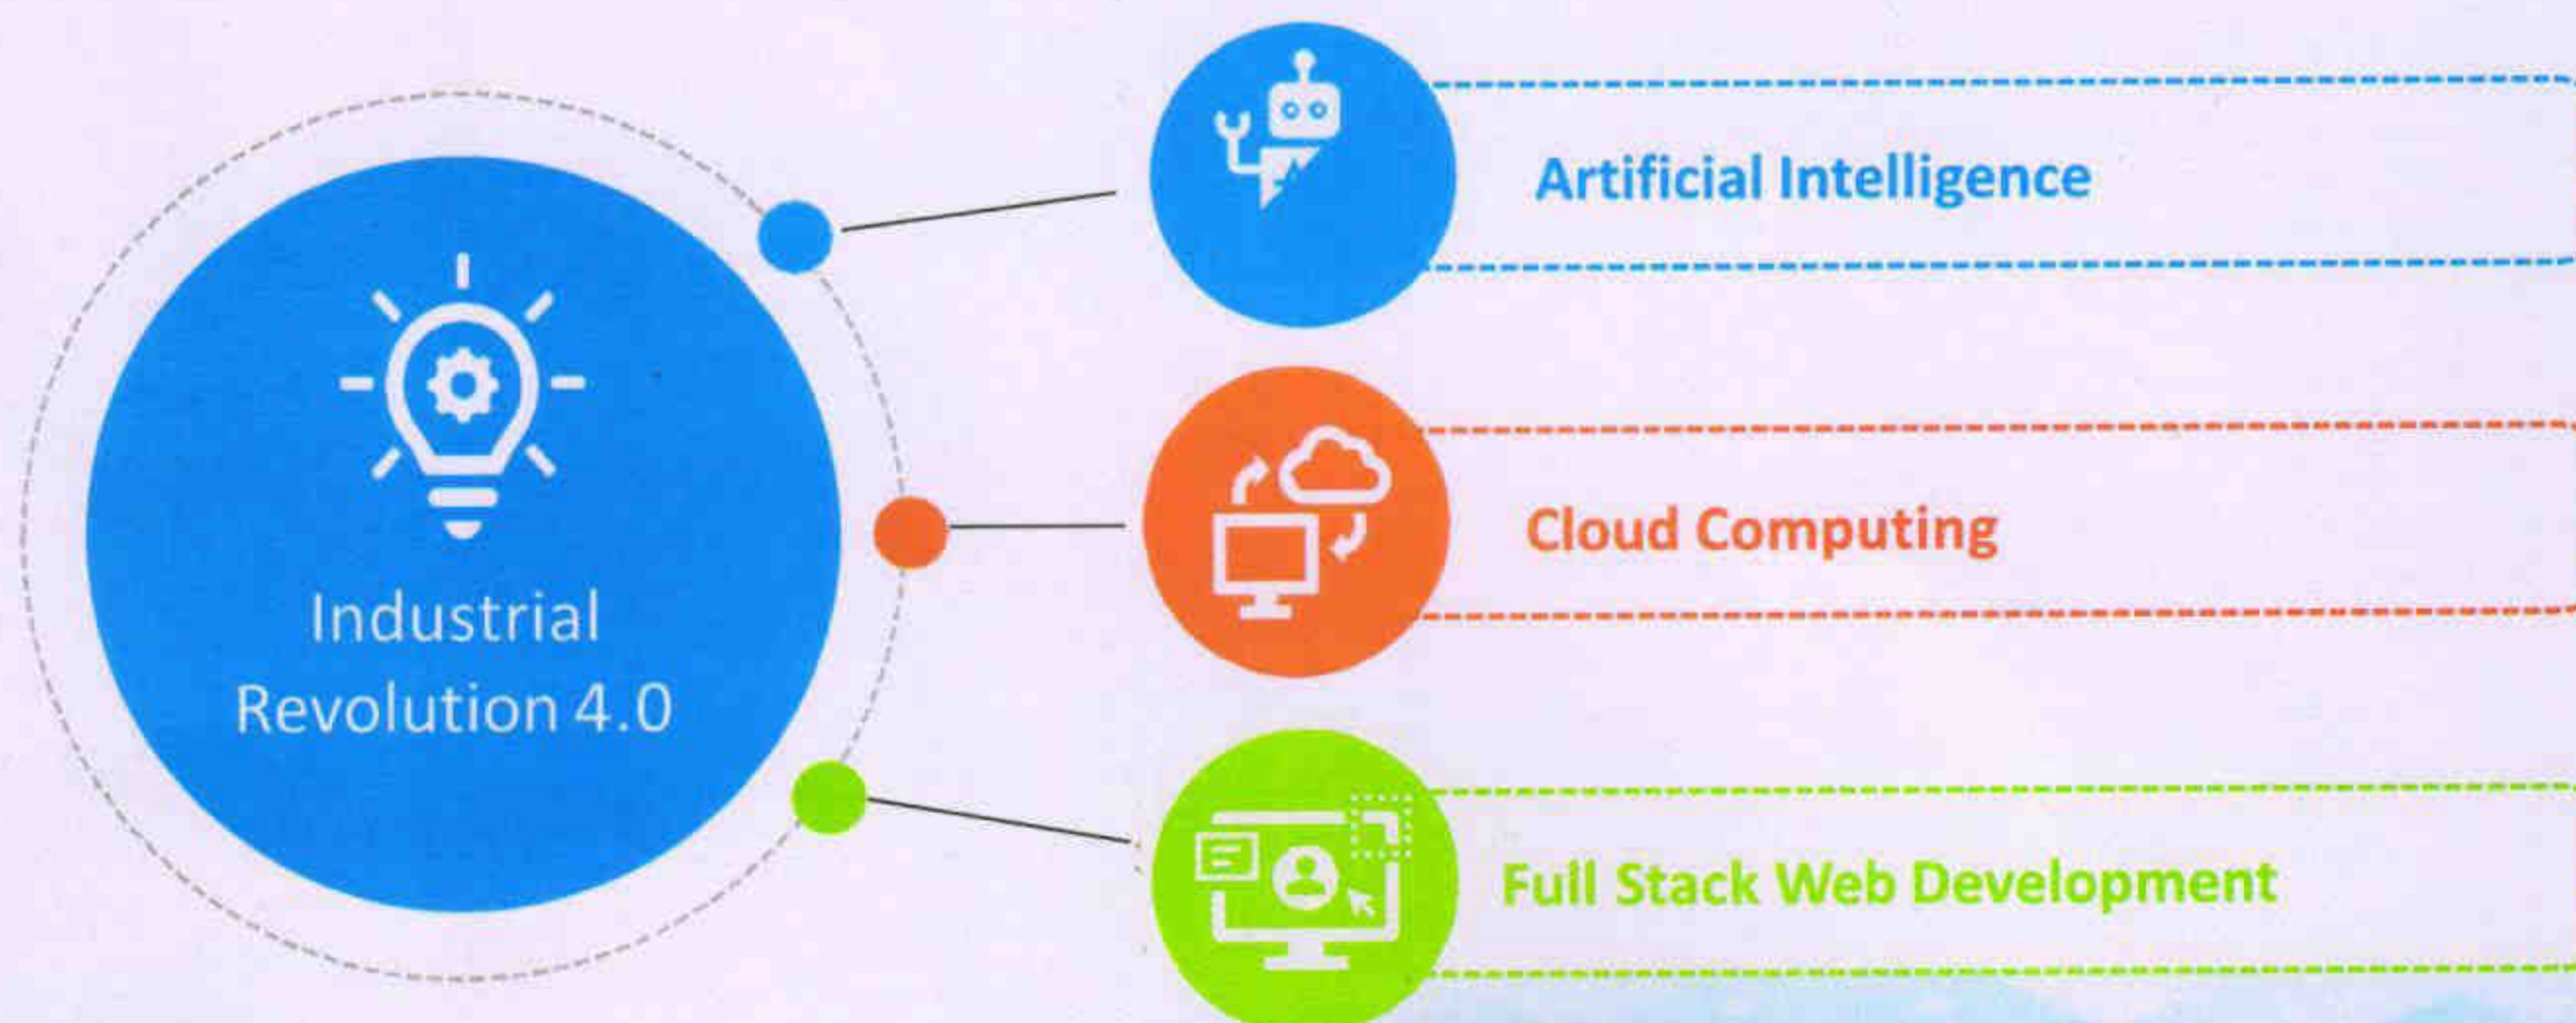

Women constitute roughly half the total population of the country. As per All India Survey on Higher Education 2018-19 report published by the Ministry of Education, Government of India, the ratio of female enrollees to male enrollees increased from 84% in 2014-15 to 95% in 2018-19. Employability is ranked at 46%. Despite this, participation of women in the workforce – specifically in roles related to the 4<sup>th</sup> Industrial Revolution - has remained low. According to the World Economic Forum's Gender Gap report 2020, only 17% of current workforce in Cloud Computing is female. For Artificial Intelligence, this stands at only 24%. For engineering in general it is just 20%.

India is among the 10 countries with lowest female workforce participation

## TechSaksham Program

**Edunet Foundation**, with support from **Microsoft Corporation India Pvt. Ltd.** And **SAP India Pvt. Ltd.**, had launched the **TechSaksham Program**, for enabling, empowering, and accelerating women learners from underserved communities or backgrounds towards technology careers. The program aims to upskill female learners in key industry relevant domains and high demand areas - Artificial Intelligence, Cloud Computing and Full Stack Web Development to create pathways towards industry by supporting them with jobs or internships or micro-entrepreneurship opportunities

## TechSaksham: Program Overview

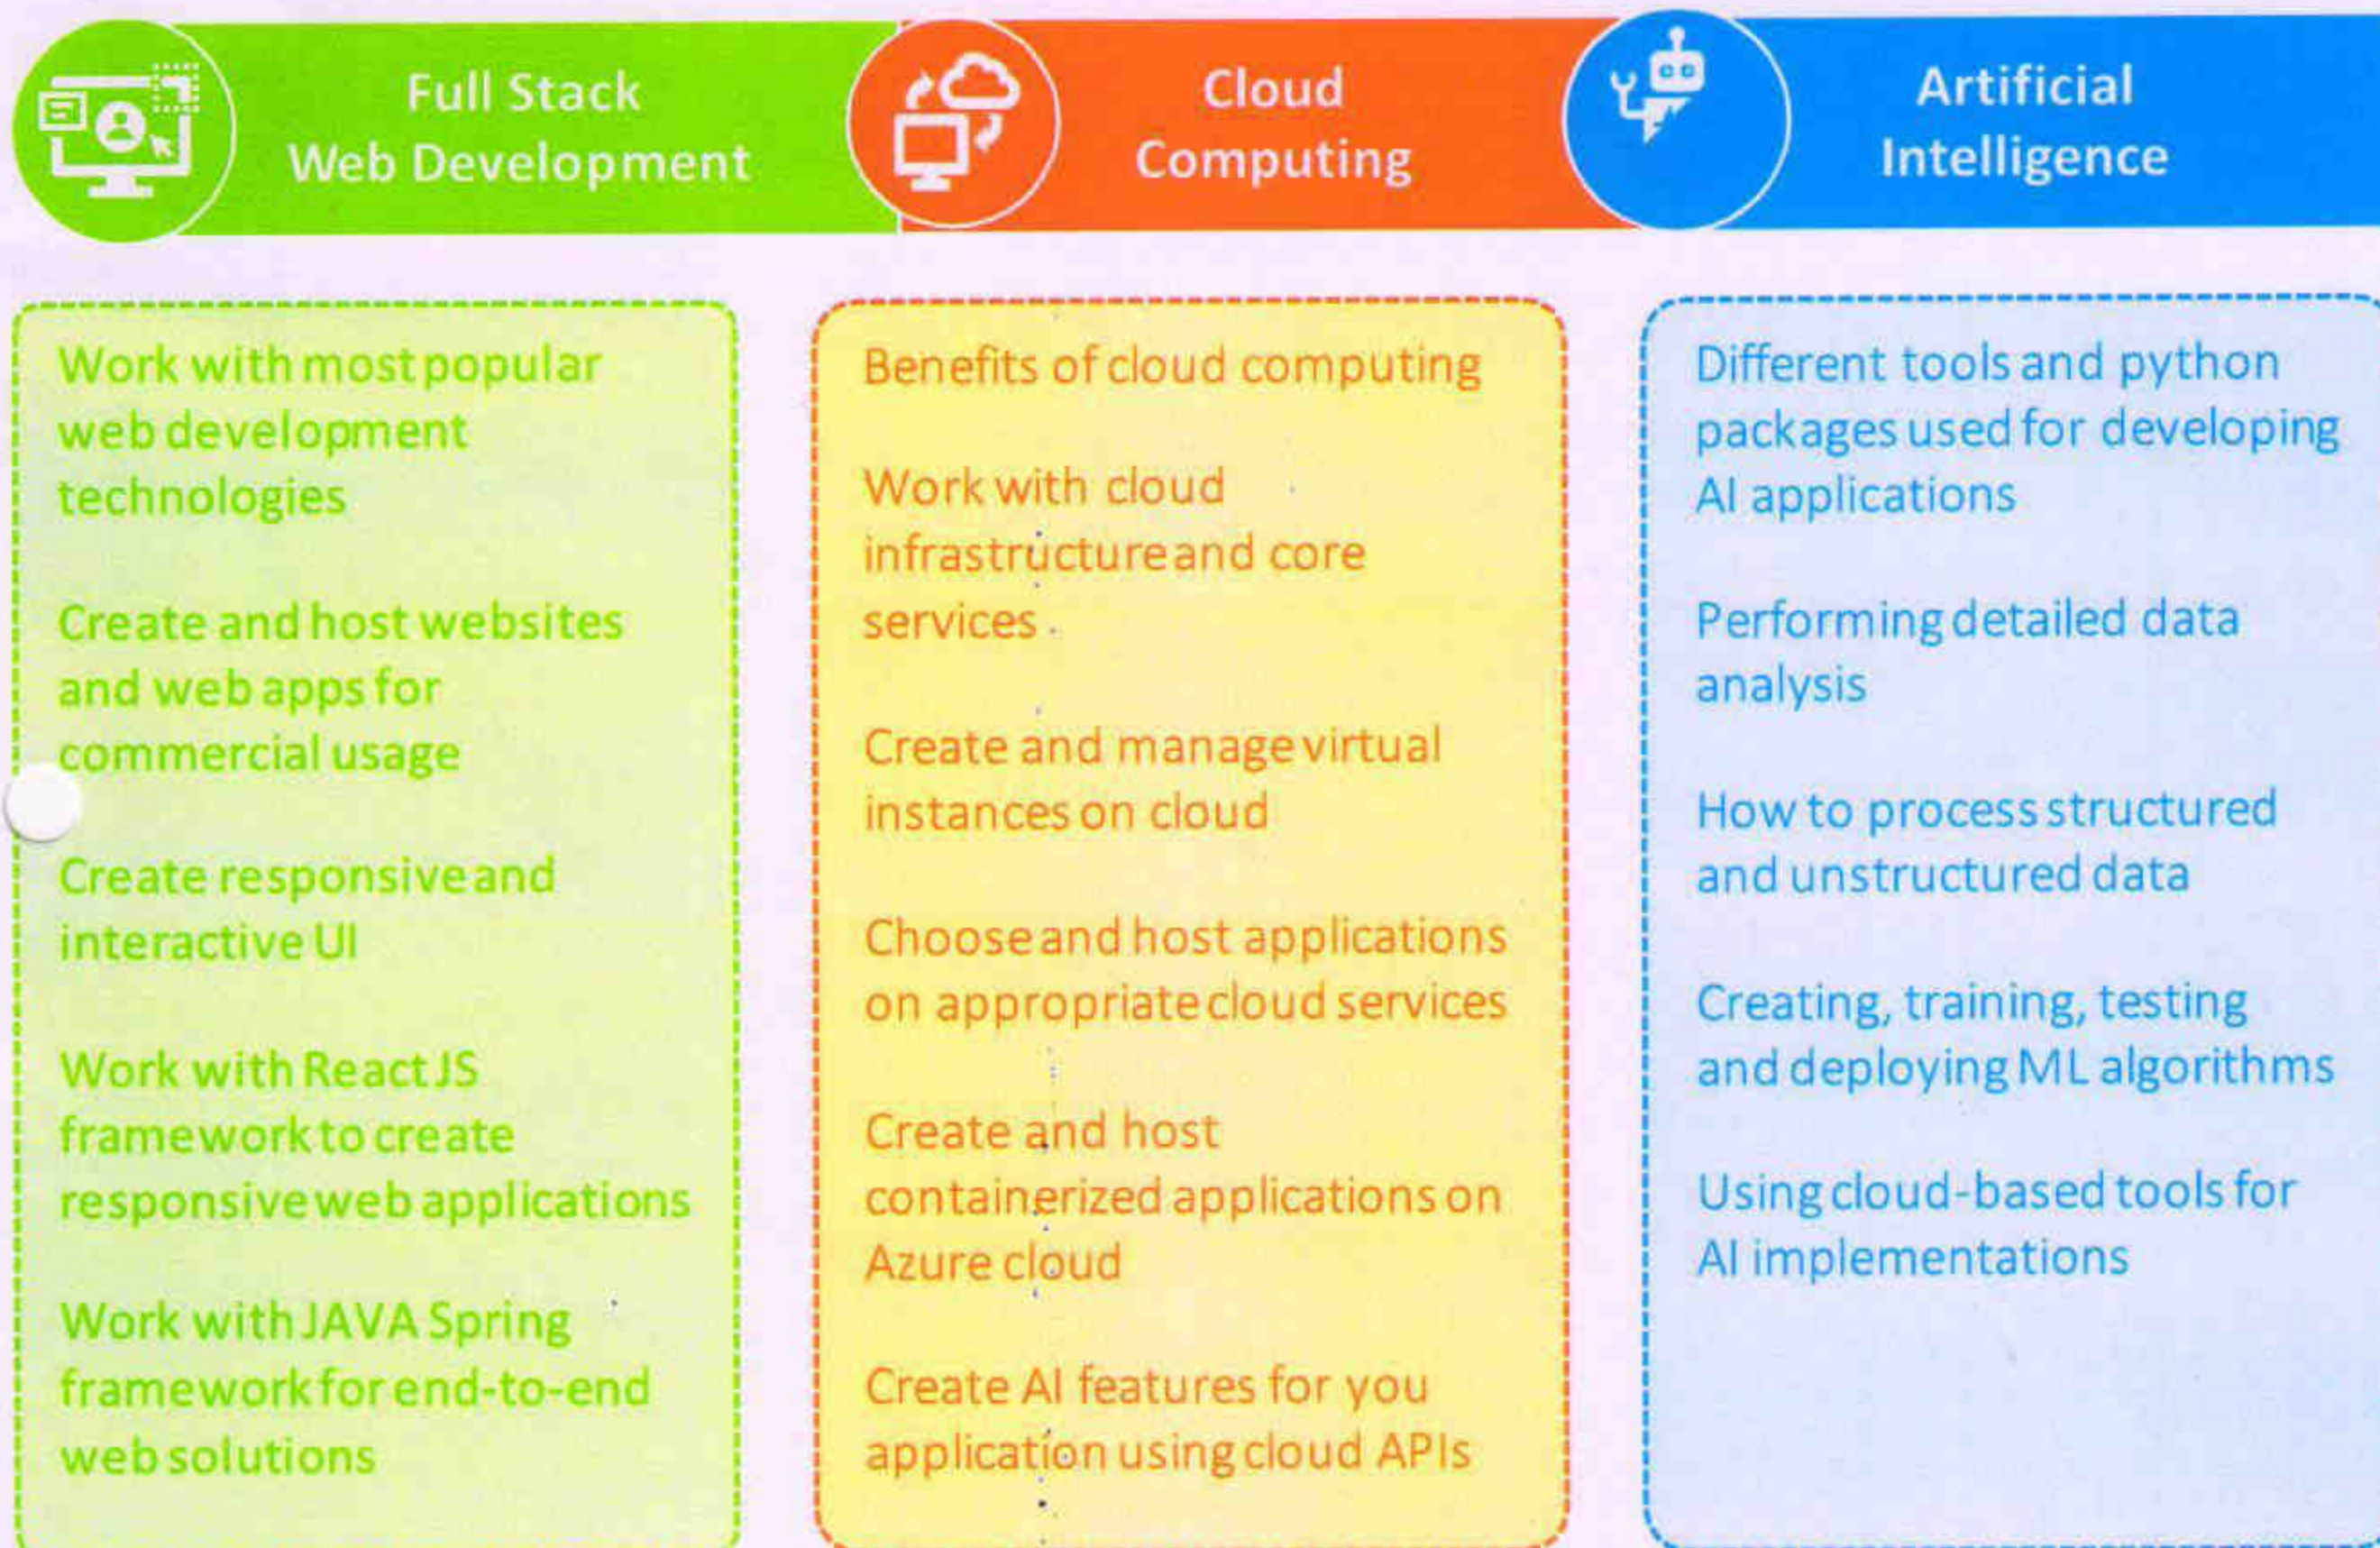

- TechSaksham has a program duration of 160 hours.
- Over 40 hours of optional and supplementary content.
- Content is delivered in a hybrid mode (Offline & Online).
- Access to Learning Management System with Self-Paced Courses, Class Recordings, Assessments and option to track individual progress.
- Focus on experiential learning; Guiding Exercises, Team Projects and Expert Sessions.
- Access to Microsoft and SAP self-paced courses.

### 160 Hours Program

## TechSaksham: Program Tracks

TechSaksham Program offers three course tracks to students, outlined below. Students to choose an appropriate stream based on their existing skills and interest.

**IR 4.0 Skills**  
Gateway to global careers

**Lifelong Skills**  
For future career preparedness

**Pathway to Industry**  
For enhanced employability

# TechSaksham Program : 2021-22 Highlights

**7**  
States

**2,456**  
Students

**43**  
Colleges

**1,212**  
Faculty trained

**364**  
Colleges covered through FDP

## Program benefits for learners

-  Market linked upskilling to boost employability
-  Project based experiential learning with technology boot camps, hackathons and community centric project work
-  Tech talks and career conversations with industry leaders and experts
-  Access to internships, jobs and entrepreneurial opportunities to all participants that meet program requirements.

## Program benefits for participating institutions and faculty members

-  Access to a wider body of knowledge in IR 4.0 technologies
-  Faculty Development Program for long term teaching professional upskilling
-  Improved student outcomes

Over 437 Capstone Projects Completed  
600+ Students Placed

# TechSaksham Program: Learner's Journey

Job Readiness

Access to Internships / Jobs

Project Showcase

Mentorship

Training

Onboarding

Vineetha believes that the TechSaksham Program bridges the gap between education and job requirements by providing hands on learning, bringing her closer to her dream. What started as means to end has ended up providing Vineetha her job of dreams. She says, "It's not like a normal engineering job, where you sit in front of the laptop entire day but rather it will push me to stand up to new challenges!"

**Vineetha**  
RGUKT Ongole

Hrshika calls programs like TechSaksham an opportunity for women to realize their true potential. TechSaksham Program has provided them with specialized skills, access to closed source software and in-depth training from experienced trainers and has enabled them as proficient Tech Professionals. At her internship with Data Hash, she is focused on learning about market skills, and she credits the structured and holistic approach of TechSaksham Program for her journey so far.

**Hrshika Rai**  
Govt. Engineering College, Dahod

Gunasundari cracked her first perfect code during her first class with TechSaksham and since then she started her journey to excel at Web designing. She grasped the technical know-how of Web Designing through experiential learning under the guidance of TechSaksham mentors and industry experts. After 6 months of weekly classes along with expert workshops about upcoming technologies as well as soft skill/employability training she gained professional knowledge of the field. During her classes she was given practical exercises to improve her skills and was often the first one to complete the given task in mere minutes.

**Gunasundari**  
Govt. Engineering College, Thanjavur

### Partnership with Government Entities
