One Day Seminar

**Understanding and Effectively Applying National Educational Policy-2020 For Attaining
Excellence in higher Education.**

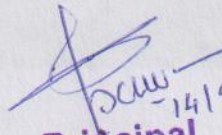

Report

Date:-13/09/2022

A child future depends on the form of education "Education beings at home", there is no truer sentence, but the education a child acquires.

The new Education policy announced by Government of India (NEP20) was a Welcoming change and fresh news amidst all the negativity surrounding the world due to the challenges posed by COVID-19 pandemic. The challenges that many educationalists never saw coming. Through education policy has impacted on college education equally. The policy cover elementary educational to college in rural and urban India. The policy replaces the previous national policy on education 1986. The policy is a comprehensive framework for elementary education and vocational training in both rural and urban India.

Keep in mind above the all points Shriram Institute of information Technology, Paniv arranged a program on. Understanding and Effectively Applying National Educational Policy-2020 for Attaining Excellence in higher Education dated on 13/09/2020 day Tuesday for all teachers to understand the new policy. The main purpose of this program is to introduce the changes in education system. The chief guest for the function were Mr. Anand Mapuskar the education researcher and Prof. B.N. Jagtap formerly distinguished scientist and director, chemistry group ,Bhabha Atomic Research Center. They both were introduce about new policy in education system 2020, There were 103 faculties attained a program. The program was end with vote of thanks by Prof. Tate S.R
